Preliminary Examination for Interim Assistance

Applicant's Name_____ Birth Date:_____

Note to Licensed Professionals: Your patient has applied for Interim Assistance (IA) benefits from the State of Alaska. IA provides an interim cash benefit to individuals who have applied but are not yet approved for permanent disability through the Social Security Administration. If the patient is unable to pay for an examination or medical tests needed solely for the completion of this form, Medicaid may cover these costs. Please ask the patient to contact their local Public Assistance office to obtain a special Medicaid coupon for this purpose.

The completion of this form does not alone result in the declaration of disability for the applicant. The diagnoses that you indicate on this form, and the resulting symptoms present as a result of those conditions, will be compared to the definition of disability defined by law in Title XVI of the Social Security Act, and subsequent regulations in 20 CFR § 404. The law defines disability based on severity of symptoms, not on diagnosis alone; thus the diagnosis that you provide on this form merely focuses attention to what symptoms should be considered during the disability determination process. If multiple diagnoses are appropriate, each diagnosis should be indicated on this form, and the resulting severity of symptoms of each noted condition will be compared to the requirements for disability set forth by law.

This form must be signed and completed by a licensed medical provider.

If the applicant has one of the following medical conditions, please check the box, note the diagnosis on the top of page two, and sign on the back. If the applicant does not have a condition listed below, please complete the back of this form.

☐ Amputation of a leg at the hip	☐ Down Syndrome
☐ Total deafness	☐ End stage renal disease with ongoing dialysis
☐ The individual is receiving hospice services because of a terminal illness	☐ HIV with secondary infection severe enough for the individual to be considered as disabled
☐ Spinal cord injury producing inability to ambulate without the use of a walker, two canes, or crutches.	☐ Stroke (cerebral vascular accident) more than 3 months in the past and continued marked difficulty in walking or using a hand or arm
☐ Bed confinement or immobility without a wheelchair, walker, canes, or crutches, due to a longstanding condition, excluding recent accident and recent surgery. Does not include simple pain (i.e., back pain).	☐ Cerebral palsy, muscular dystrophy, or muscle atrophy and marked difficulty in walking (e.g. use of braces), speaking, or coordination of the hands and arms
☐ Severe mental deficiency (developmental disabilities) evidenced by dependence on others for personal needs (e.g., hygiene) and other routine daily activities). **Does not include mental illness.**	☐ Amyotrophic lateral sclerosis (ALS, Lou Gehrig's disease)

Case #: _____
Client Name: _____

What is the applicant's diagnosis (required)? _____

_____

_____

When did the illness or condition begin? _____

Is the applicant expected to recover from this illness or condition? ☐ Yes ☐ No ☐ Unknown

Is the illness or condition permanent? ☐ Yes ☐ No

What is the expected length of time (in months) required for recovery or remission? _____

Please provide any other information relevant to the applicant's illness or condition or the expected length of time needed for recovery or remission:

_____

_____

_____

Please attach any relevant medical records, laboratory or other test results used to confirm the applicant's diagnosis.

_____ _____
Signature of medical provider Date

_____ _____
Printed name of medical provider Address and Phone Number

_____ _____
License Number Type of License (e.g. family practice, psychiatry)

NOTE TO HEALTH CARE PROVIDERS ABOUT DISCLOSURES OF PROTECTED HEALTH INFORMATION TO THE DIVISION OF PUBLIC ASSISTANCE

The Division of Public Assistance encourages the use of patient authorization to release protected health information and will attempt to provide a HIPAA-compliant authorization signed by the patient to accompany this request for information. However, please be aware that if an authorization to release information does not accompany this request for information, or if you are unable to obtain an authorization from your patient, HIPAA regulation - 45 CFR §164.512(d) specifically permits disclosures of protected health information to government benefit programs for which health information is relevant to beneficiary eligibility without the patient's authorization. If you have questions concerning disclosures of protected health information, please contact the Department of Health and Social Services Privacy Official at (907) 465-4722.
