

Request for Case File Records

The Division of Public Assistance (DPA) will release documents from a case file to the client or their authorized representative within five (5) days from receiving a formal request. Electronic data from a case record may also be requested. Some confidential material may not be released and must be redacted from a case file before it is made available (e.g. fraud referrals from the public, adoption materials, etc.). This is supported by Administrative Procedures Manual Section 100-3; State Regulations at 7 AAC 49; and Alaska Statute 47.05.020.

There is no charge for up to twenty-five (25) pages and a ten cent (\$0.10) fee for each additional page (26 +). If you would like over twenty-five (25) pages of case records, please be prepared to make a check payable to: The State of Alaska.
