

Section Number: 50-4

Effective Date: January 1, 2012

Subject: Random Moment Sample

Purpose: To provide guidance on accessing the Random Moment Sample

The procedure for Random Moment Sample is explained in the Administrative Procedures Manual section 119.

Contact Program Integrity and Analysis for the name of the current RMS Administrator. The duties of the RMS Administrator include the following:

- Monitors the dates, time, and completion of each observation form
- Responsible for the federal sample validation which requires follow-up telephone calls to selected sampled individuals to reconfirm the data they entered into the RMS System
- Conduct follow-up with individuals who fail to complete their scheduled observation form.
